

Add the QM seal to a course that has received QM certification

```
<iframe src="https://widget.qmprogram.org/certification/?id=16794&program=2&width=250&height=300&theme=dark" width="250" height="300" frameborder="0" align="right"></iframe>
```

Replace the number in purple above after ?id= with the id from the course's closed review page on the CRMS on MyQM:

[My QM](#) [QM Coordinators](#) [Closed Course Reviews](#) [view course](#) [Certification Mark](#) [Embed Code](#)

Use the code above, not the code given on MyQM, just replace the id number.
